

# Electrical Internals For Wind Turbines

Operation and Maintenance

When a local partner needs to be more  
than just another supplier...

Resolux 

August 2014

# What we can do for you...

Resolux has 16 years of experience in the Wind Industry in which to supply local customer solutions and support for all tower builders, turbine manufacturers, nacelle manufactures and Wind Operation and Maintenance Providers. Our expertise provides sourcing of quality spare parts at a competitive price and an on-time delivery.

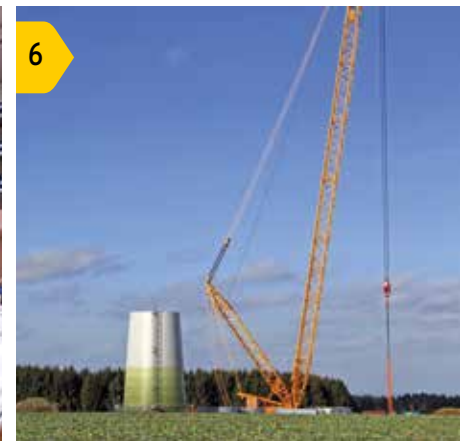

## Customer Spec.

## Project

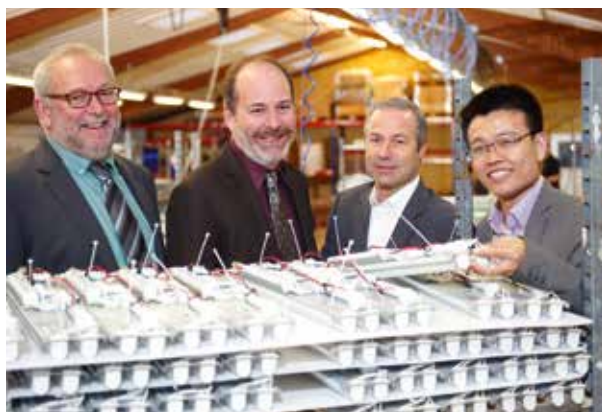

## R & D

## Production

## Quality Control

## Just in time delivery

»Our first responsibility is to our customers with whom we want to build a long term relationship by providing products and services that meet or exceed their expectations. Whilst striving to do so, we will follow our customers around the world so we may assist, support and supply them locally.«

# Electrical Internals to meet all Manufacturers' requirements

Resolux is a global supplier of Tower and Nacelle Electrical internals for leading wind turbine manufacturers. Resolux's global foot print allows for an international range of electrical material offerings to meet all standard and cold climate requirements.

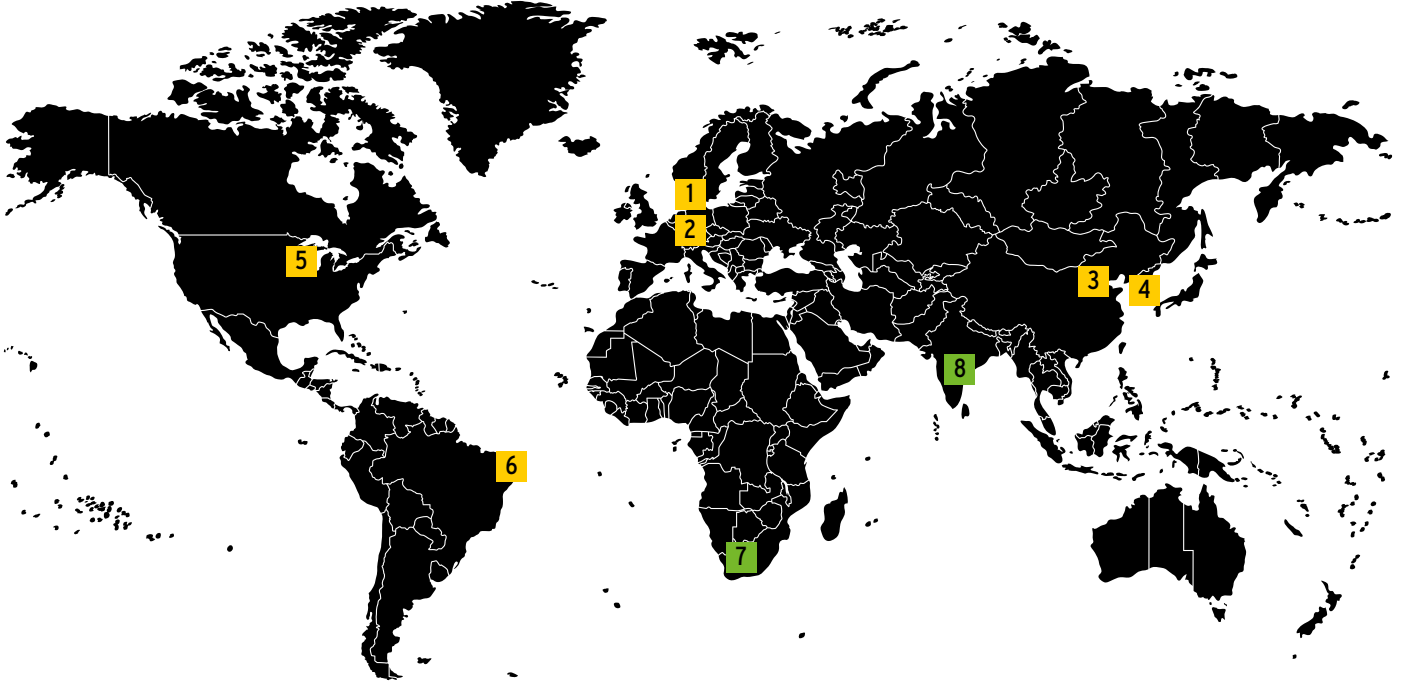

Our clients are leading companies worldwide, within the wind industry.

# We supply Globally - Locally

We are pursuing our efforts of worldwide representation,  
to be close to our costumers and their own activity zones.
